- When face-to-face delivery of service is not possible, services may be billed when provided via telemedicine when technical and program requirements are met, and the service can be rendered to its full extent in a clinically appropriate manner.
- An initial psychological evaluation conducted solely to determine a student’s eligibility **may not be billed**. However, if the psychological evaluation identifies an MA health-related covered service (s) to be documented in the IEP, the evaluation may be billed.
- A psychological re-evaluation conducted solely to determine a student’s ongoing eligibility for special education services **may not be billed**. However, if the psychological re-evaluation identifies the continued need for counseling/therapy services and this is documented in the IEP, the re-evaluation may be billed.
- **Attach all documentation relating to the evaluation to this log.**
